

TWO WAYS TO HELP PROTECT GUILFORD YOUTH

NARCAN TRAINING

Monday, April 23, 2018, 6:30 pm to 8 pm

Baldwin Middle School, 68 Bullard Drive, Guilford

UNDER CONSTRUCTION: TEEN BRAIN DEVELOPMENT

Tuesday, April 24, 2018, 7 pm to 9 pm

Guilford High School Library, 605 New England Road, Guilford

There is increasing attention to adolescent brain development and how it impacts the way teens behave and take risks—such as using alcohol and drugs—and what this means for parents. Our program will feature

nationally renowned speaker Dr. Ruth Potee, who is a Yale School of Medicine graduate and board-certified family physician and addiction medicine physician specialist.

Topics that will be discussed:

- The impact of delayed first use
- Questions to ask your physician about pain management
- Brain physiology and addiction
- Steps to take as a community to fight back

This is a presentation not to be missed by parents, adults and teens. Come learn more about what you can do to keep our teens safer, healthier and substance-free through the middle and high school years.

Due to the popularity of this speaker, registration is encouraged to guarantee a seat. Please call 203-453-8047 or email sneiderr@ci.guilford.ct.us and note the number attending.

Sponsored by Guilford D.A.Y. (Developmental Assets for Youth), these programs are funded by a mini opioid grant offered by the Connecticut Department of Mental Health and Addiction Services.

IT'S WORTH IT.

A Guilford D.A.Y. Initiative
